TO BUY YOUR  
TICKET!

We are delighted to announce that Herbalife's newest Founder's Circle Member Leon Waisbein will be attending the Extravaganza in Turin to receive his Founder's Circle Pin! Leon and Irina are the first EMEA Founder's Circle Members.

Born and raised in Siberia, Leon did his military service and then went on to university to study medicine where he met his wife, Irina. After the collapse of the Soviet Union they immigrated to Israel. Leon had to give up his medical studies and became an orange picker so he could support his young family. A friend from Siberia introduced Leon to Herbalife.

Leon made it a point never to miss a single Herbalife event or qualification. Eighteen of his downline Distributors joined him at the 1993 Extravaganza in Barcelona, Spain, many of whom later became members of the Millionaire and President's Teams.

Since then, Leon and Irina's business has expanded internationally. In 1994 they achieved Chairman's Club; and now, 15 years later, they are members of the prestigious Founder's Circle.

**Make sure you're in Turin to hear and learn from EMEA's first Founder's Circle Member!**
