WOW! What an incredible evening! Friday night, July 16th 2010, the roof was raised for the second year at the Palaisozaki Arena in Turin by the talents of our eight Southern EMEA Herbalife Idols! With just six votes separating first and second place, it truly was a nail-biting evening! But in the Herbalife family everyone is a winner and without the enthusiasm of all of our finalists, encouraging fierce voting from the audience, the Herbalife Family Foundation would not have raised close to €65,000!!! towards the wonderful work they do in helping children around the world.

Thank you to all the contestants for making it such a successful and enjoyable evening and thank you also to our elite judging panel which included professional singer song-writer, Ace Young who performed the Herbalife Anthem live on stage on Saturday and special guest speaker, Executive President's Team Member, Paco Pérez as well as the EMEA Chairman's Club Members present at the event.
